

Happy Face

Lately I've been, I've been, losing sleep
Dreaming about the things that we could
be
But lately I've been, I've been, trying hard
Said no more fighting or else were about
to lace
Yeah, we'll have happy faces

I see my friend like my family
Drinking black tea in the sea
Then we'll sing from A to Z
C'mon up and sing with me
Oh, how we like to sing
And every one's unique
And I don't think homework is hard
We're making a new start
I, feel something so right
But doing the wrong thing
I, feel something so wrong
But doing the right thing
I could lie, couldn't lie, could lie
Everything that kills us makes us who we
are

最近豆芽每天吃不完

香味總是飄散在 608

68 帥哥永遠看不完

氣質女孩都待在 待在 68 玩

And every one's unique
And I don't think homework is hard
We're making a new start
I, feel something so wrong
But doing the right thing
I could lie, couldn't lie, could lie
Everything that drown me makes me
wanna fly

別管分數

And watch it burn
Sink in the river
The lessons I learned *4
